

Miae Cho

Miae Cho was born and raised in Seoul, Korea, where she earned master degree in music. An accomplished soprano, she soon discovered her real passion was art. When she arrived in Boston she began to develop her skills, first in realism and then in abstract, which gives her the most freedom of expression. She studied at the School of the Museum of Fine Arts, Mass Art as well as the prestigious Les Beaux-arts de Paris, France. She is now represented by Galatea Fine Art in Boston, and a member of the Cambridge Art Association.

When you look at her abstracts you can sense how music has played such a big part in her life, each painting infused with a lyrical quality. Her works have been exhibited all over the world, from Seoul, New York and Boston, as well as Hamburg and London this coming summer.

This exhibition is displaying two of her earlier portrait works.
